NORDOST

WARRANTY INFORMATION

Nordost products have a limited lifetime warranty to the original purchaser, with the exception of our QRT products which carry limited 2 year (QPOINT, QSOURCE, QNET, QKOIL, QVIBE, QSINE, and QWAVE) or 5 year (QKORE and QBASE) warranties. These limited warranties cover any defects in material or workmanship under normal use of the product. However, due to the intricate yet durable makeup of our products, all merchandise sent in will undergo an evaluation process at the factory and will be handled at the discretion of the Nordost staff. Damage or abuse is not covered under the warranty. Any products that have been disassembled or have had their casing opened by any party (customer, dealer, or otherwise) will not be covered by the warranty. To return any defective items, an RA number must be obtained. Send the item to Nordost prepaid and if repair or replacement is deemed appropriate, it will be returned to the customer freight collect.
